

PA MATERNAL HEALTH Symposium 2026

May 19-20, 2026 | Altoona, PA

Many awardees of the Maternal Care Innovation Grants and Healthy Food Access components (collectively referred to as MCH Grantees) are present at the May 20th Maternal Health Symposium. Several posters have been prepared by grantees to share their projects in the hopes of inspiring and guiding others to build upon their successes and lessons learned.
